Morning (Time: 1 hour 30 minutes)	Paper reference	4EC1/01
-----------------------------------	-----------------	---------

Economics

Level 1/2

PAPER 1: Microeconomics and Business Economics

You do not need any other materials.	Total Marks
--------------------------------------	-------------

### Instructions

- Use **black** ink or ball-point pen.
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- Answer **all** questions.
- Answer the questions in the spaces provided  
– *there may be more space than you need.*
- Calculators may be used.
- You are advised to **show all your working out** with **your answer clearly identified** at the **end of your solution**.

### Information

- The total mark for this paper is 80.
- The marks for **each** question are shown in brackets  
– *use this as a guide as to how much time to spend on each question.*

### Advice

- Read each question carefully before you start to answer it.
- Try to answer every question.
- Check your answers if you have time at the end.

M:1/1/1/1

Answer ALL questions. Write your answers in the spaces provided.

Some questions must be answered with a cross in a box ☒. If you change your mind about an answer, put a line through the box ☒ and then mark your new answer with a cross ☒.

1 (a) In which sector of the economy is house building? (1)

- A Service
- B Primary
- C Secondary
- D Tertiary

A firm produces goods that are made from wood.

(b) Wood is an example of which **one** of the following factors of production? (1)

- A Capital
- B Enterprise
- C Labour
- D Land

(c) What is meant by the term total costs? (2)

2 Figure 3 shows a long-run average cost (LRAC) curve diagram.

**Figure 3**

(a) Which **one** of the following is the correct label to replace 'X'?

(1)

- A** Diseconomies of scale
- B** External economies of scale
- C** Most efficient
- D** Profit

(b) Which **one** of the following is the most likely cause of economic growth?

(1)

- A** An increase in taxation
- B** An improvement in efficiency
- C** Fewer advances in technology
- D** An increase in unemployment

3 (a) Which **one** of the following may be a reason why a firm stays small? (1)

- A Ability to take over competitors
- B Access to many sources of finance
- C Ability to spread risk
- D Aims of the entrepreneur

(b) Which **one** of the following describes a price elasticity of supply (PES) of 1.5? (1)

- A Perfectly price elastic
- B Perfectly price inelastic
- C Price elastic
- D Price inelastic

Figure 5 shows the labour market for a country.

(c) Using the diagram below, draw the effect of a decrease in the school-leaving age on the labour market in this country. Label the new curve, the new equilibrium wage rate and the new quantity of workers. (3)

Fitnation is a fitness centre in Almaty, Kazakhstan. Boxing is one of the many activities provided by the centre. Fitnation aims to complete charitable work by offering city residents access to the boxing facilities and coaching at a discounted price on one day a week. This makes boxing more accessible to many of the population who may otherwise not have been able to afford it.

However, it means the facilities are very busy on this day, reducing the availability for the centre members who have paid the full price of between \$25 and \$50 for a month of membership.

(e) With reference to the data above and your knowledge of economics, assess the benefits to Fitnation of offering the discounted price.

In January 2025, the Western Australian Government announced plans to invest AU\$107m to expand the Swan River ferry network. The river is 72 km long and a major waterway, connecting many areas in its capital city, Perth.

The plan would have five new electric ferries built by local firms. Each ferry has the ability to transport more than 130 passengers per trip. In addition, there would be two new stops along the river, one close to a bus depot and one to enable easier access to the University of Western Australia.

Local sailing clubs were concerned about safety from the addition of ferry services into areas used by smaller boats. Meanwhile, politicians opposed to the addition said that creating extra parking for ferry customers may cause problems.

(c) With reference to the data above and your knowledge of economics, evaluate the extent to which public sector investment may benefit the economy of Western Australia.
