## ACCOUNTING

0452/11

Paper 1 Multiple Choice

October/November 2020

1 hour 15 minutes

You must answer on the multiple choice answer sheet.

You will need: Multiple choice answer sheet  
Soft clean eraser  
Soft pencil (type B or HB is recommended)

## INSTRUCTIONS

- There are **thirty-five** questions on this paper. Answer **all** questions.
- For each question there are four possible answers **A**, **B**, **C** and **D**. Choose the **one** you consider correct and record your choice in soft pencil on the multiple choice answer sheet.
- Follow the instructions on the multiple choice answer sheet.
- Write in soft pencil.
- Write your name, centre number and candidate number on the multiple choice answer sheet in the spaces provided unless this has been done for you.
- Do **not** use correction fluid.
- Do **not** write on any bar codes.
- You may use a calculator.

## INFORMATION

- The total mark for this paper is 35.
- Each correct answer will score one mark. A mark will not be deducted for a wrong answer.
- Any rough working should be done on this question paper.

This document has **16** pages. Blank pages are indicated.

**2**

- 1** A trader prepares financial statements each year.

What do these assist the trader to do?

- A** calculate the amount owing to credit suppliers
- B** calculate the cash drawings
- C** check the bank statement balance
- D** make decisions about the future

- 2** The following balances appeared in Hussein's books.

|                   | \$   |
|-------------------|------|
| fixtures          | 6000 |
| inventory         | 3300 |
| trade receivables | 3000 |
| trade payables    | 4500 |
| other receivables | 500  |
| other payables    | 300  |
| loan to Imran     | 1000 |
| bank overdraft    | 1400 |

What was the total of the liabilities?

- A** \$4800      **B** \$6200      **C** \$6400      **D** \$7200

**3**

- 3** The following account appeared in the books of Mary.

| Paul account |             |     |     |          |             |
|--------------|-------------|-----|-----|----------|-------------|
|              |             |     | \$  |          |             |
| April 1      | balance b/d | 90  |     | April 21 | returns     |
| 14           | sales       | 150 |     | 30       | bank        |
|              |             |     |     |          | discount    |
|              |             |     |     |          | balance c/d |
|              |             |     | 240 |          | 125         |
|              |             |     |     |          | 240         |

Which statement is correct?

- A** On 1 April Paul owed Mary \$90.
- B** On 14 April Paul sold goods, \$150, to Mary.
- C** On 21 April Mary returned goods, \$25, to Paul.
- D** On 30 April Mary owed Paul \$125.
- 4** Which business document is used to update the cash book for standing order payments?
- A** bank statement
- B** cheque counterfoil
- C** paying-in slip
- D** receipt
- 5** On 1 March 2020 the bank column of a cash book had a credit balance of \$290.

During March cheques totalling \$580 were received and cheques totalling \$610 were paid to suppliers. Bank charges of \$12 incurred in February were also entered in the cash book.

What was the balance of the bank column in the cash book on 1 April 2020?

- A** \$248 credit
- B** \$248 debit
- C** \$332 credit
- D** \$332 debit

4

- 6 Ziningi prepared a trial balance. The total of the debit column was \$225 750 and the total of the credit column was \$225 250.

What could explain the difference?

- A Bank overdraft, \$250, was recorded as a debit balance.
  - B Inventory, \$500, was included as a debit balance.
  - C Purchases returns, \$250, were included as a credit balance.
  - D Sales returns, \$250, were included as a debit balance.
- 7 Rent received from a tenant was debited to the rent receivable account and credited to the cash book.

Which type of error has been made?

- A commission
  - B compensating
  - C complete reversal
  - D principle
- 8 A computer system purchased from Ace Computers for \$1430 had been incorrectly recorded as \$1340 and was entered in the stationery account instead of the office equipment account.

Which journal entry corrects this error?

|          |                                                 | debit<br>\$ | credit<br>\$ |
|----------|-------------------------------------------------|-------------|--------------|
| <b>A</b> | Ace computers<br>stationery<br>office equipment | 90<br>1340  | 1340         |
| <b>B</b> | Ace computers<br>stationery<br>office equipment | 90<br>1340  | 1430         |
| <b>C</b> | office equipment<br>Ace computers<br>stationery | 1340        | 90<br>1340   |
| <b>D</b> | office equipment<br>Ace computers<br>stationery | 1430        | 90<br>1340   |

## 5

- 9 Kate calculated her draft profit for the year at \$28 400.

She later discovered the following errors.

- 1 Rent prepaid by Kate was understated by \$1000.
- 2 Closing inventory was understated by \$1500.

What was the correct profit for the year?

- A** \$25 900      **B** \$27 900      **C** \$28 900      **D** \$30 900

- 10 What would **not** be included in a sales ledger control account?

- A** cash sales recorded in the cash book  
**B** cheques received from credit customers recorded in the cash book  
**C** goods sold on credit recorded in the sales journal  
**D** irrecoverable debts written off recorded in the journal

- 11 A trader debited the cost of repairing office equipment to the office equipment account.

How did this error affect the financial statements?

|          | profit for the year | non-current assets |
|----------|---------------------|--------------------|
| <b>A</b> | overstated          | overstated         |
| <b>B</b> | overstated          | understated        |
| <b>C</b> | understated         | overstated         |
| <b>D</b> | understated         | understated        |

- 12 A trader uses the reducing balance method of depreciation.

What effect will this have over the life of the non-current asset?

- A** depreciation charged evenly over the years  
**B** more depreciation charged in the early years  
**C** more depreciation charged in the later years  
**D** the non-current asset being revalued each year

## 6

**13** Rashid provided the following information at 31 December.

|                                         | \$     |
|-----------------------------------------|--------|
| machinery at cost                       | 52 000 |
| provision for depreciation of machinery | 23 000 |

Depreciation for the year is calculated at 20% on cost.

After the statement of financial position was prepared it was found that the machinery repairs costing \$2000 had been debited to the machinery account.

What is the correct balance on the provision for the depreciation of machinery account?

- A** \$21 000      **B** \$22 600      **C** \$23 400      **D** \$25 000

**14** At the end of his financial year on 31 August 2020 a trader had prepaid insurance.

How will this appear in the insurance account and the statement of financial position at 31 August 2020?

|          | insurance account           | statement of financial position |
|----------|-----------------------------|---------------------------------|
| <b>A</b> | credit balance carried down | current asset                   |
| <b>B</b> | credit balance carried down | current liability               |
| <b>C</b> | debit balance carried down  | current asset                   |
| <b>D</b> | debit balance carried down  | current liability               |

**15** Hayley's financial year ends on 30 September 2020. She provided the following information.

|                                                          | \$   |
|----------------------------------------------------------|------|
| on 1 October 2019<br>rent receivable accrued             | 480  |
| during the year ended 30 September 2020<br>rent received | 6800 |
| On 30 September 2020<br>rent received in advance         | 720  |

Which journal entry would be made on 30 September 2020?

|          |                                     | debit<br>\$ | credit<br>\$ |
|----------|-------------------------------------|-------------|--------------|
| <b>A</b> | income statement<br>rent receivable | 5600        | 5600         |
| <b>B</b> | income statement<br>rent receivable | 6560        | 6560         |
| <b>C</b> | rent receivable<br>income statement | 5600        | 5600         |
| <b>D</b> | rent receivable<br>income statement | 6560        | 6560         |

**16** The balances in the books of Jason on 1 July 2019 included the following.

|                              | \$     |
|------------------------------|--------|
| trade receivables            | 64 200 |
| provision for doubtful debts | 1 284  |

Trade receivables at 30 June 2020 were \$58 500, of which \$500 should be written off as irrecoverable.

Jason wants to maintain his provision for doubtful debts at 2% of trade receivables.

What was the change in the provision for doubtful debts at 30 June 2020?

- A** \$114 decrease
- B** \$124 decrease
- C** \$376 increase
- D** \$386 increase

8

17 Nirmal sells two products, product G and product H.

The following information is available about his inventory at the end of the financial year.

| product | number of units | cost price per unit | net realisable value per unit |
|---------|-----------------|---------------------|-------------------------------|
| G       | 1000            | \$2.00              | \$2.50                        |
| H       | 800             | \$1.50              | \$1.20                        |

It was found that 100 units of product G were damaged and were unsaleable.

What was the total value of Nirmal's inventory?

- A** \$2760      **B** \$3000      **C** \$3260      **D** \$3460

18 Which items will **not** be shown in an income statement prepared for a service business?

- 1 cost of sales
- 2 gross profit
- 3 profit for the year
- 4 wages paid to employees

- A** 1 only      **B** 1 and 2      **C** 2 and 4      **D** 3 and 4

19 A trader provided the following information.

|                                                     | \$     |
|-----------------------------------------------------|--------|
| capital at 1 October 2019                           | 52 000 |
| motor vehicle given to the business by the trader   | 3 500  |
| personal expenses paid out of business bank account | 1 500  |
| cash drawings made during the year                  | 500    |

What was the capital at 30 September 2020?

- A** \$46 500      **B** \$50 000      **C** \$53 500      **D** \$55 000

- 20** John and Mark are in partnership. Profits and losses are shared in the ratio 3 : 2. John is entitled to an annual salary of \$12 000. The profit for the year ended 31 August 2020 was \$52 000.

How much would be credited to the partners' current accounts on 31 August 2020?

|          | John's<br>current account<br>\$ | Mark's<br>current account<br>\$ |
|----------|---------------------------------|---------------------------------|
| <b>A</b> | 24 000                          | 16 000                          |
| <b>B</b> | 26 000                          | 26 000                          |
| <b>C</b> | 31 200                          | 20 800                          |
| <b>D</b> | 36 000                          | 16 000                          |

- 21** A partnership maintains both current and capital accounts for each partner. An inexperienced book-keeper prepared the following account which contains errors.

Owen capital account

|             | \$             |                          | \$             |
|-------------|----------------|--------------------------|----------------|
| balance c/d | 135 000        | balance b/d              | 100 000        |
|             |                | loan made to partnership | 30 000         |
|             |                | interest on capital      | 5 000          |
|             | <u>135 000</u> |                          | <u>135 000</u> |

What should appear as the closing balance on Owen's capital account?

- A** \$75 000      **B** \$100 000      **C** \$105 000      **D** \$130 000

- 22** Z Limited provided the following information.

|                               | \$      |
|-------------------------------|---------|
| 5% debentures                 | 50 000  |
| general reserve               | 25 000  |
| issued ordinary share capital | 300 000 |
| retained earnings             | 75 000  |
| short-term bank loan          | 10 000  |

What was the equity?

- A** \$325 000      **B** \$400 000      **C** \$450 000      **D** \$460 000

**23** Which statement about preference shares is **not** correct?

- A** Preference shareholders do not have voting rights.
- B** Preference shareholders receive a fixed dividend.
- C** Preference shareholders have a prior claim before ordinary shareholders in the event of liquidation.
- D** Preference shareholders receive their dividend after the ordinary shareholders have been paid.

**24** A sports club was formed on 1 September 2019.

What may appear in the receipts and payments account for the year ended 31 August 2020?

- A** closing bank balance
- B** closing inventory of club shop
- C** depreciation of sports equipment
- D** subscriptions in arrears

**25** A manufacturing company provided the following information.

|                             | \$      |
|-----------------------------|---------|
| cost of raw materials       | 186 000 |
| direct wages                | 75 000  |
| machinery depreciation      | 45 000  |
| factory supervisor's salary | 32 000  |
| factory rent                | 24 000  |
| machinery repairs           | 18 000  |

What was the prime cost of manufacturing?

- A** \$186 000
- B** \$261 000
- C** \$293 000
- D** \$380 000

- 26** A manufacturer's work in progress at the start of the year was valued at \$850. At the end of the year it was valued at \$10 200.

What was the effect of this increase on the cost of production and the cost of sales?

|          | cost of production | cost of sales |
|----------|--------------------|---------------|
| <b>A</b> | decrease           | decrease      |
| <b>B</b> | decrease           | increase      |
| <b>C</b> | increase           | decrease      |
| <b>D</b> | increase           | increase      |

- 27** A trader made the following forecasts for the business for the next financial year.

|                            |          |
|----------------------------|----------|
| average inventory          | \$80 000 |
| rate of inventory turnover | 6 times  |
| mark-up                    | 25%      |

What are the forecast sales for the next financial year?

- A** \$360 000      **B** \$480 000      **C** \$576 000      **D** \$600 000

- 28** Kim's trade payables turnover increased.

What could have caused this?

- A** Kim's customers took longer to pay their accounts.  
**B** Kim's credit purchases increased.  
**C** Kim's sales revenue increased.  
**D** Kim took longer to pay her credit suppliers.

**29** A company provided the following information about its rate of inventory turnover.

|        |          |
|--------|----------|
| year 1 | 24 times |
| year 2 | 25 times |
| year 3 | 27 times |

What would explain the changes in the ratio?

- A** cost of sales is decreasing
- B** inventory is increasing
- C** sales volume is increasing
- D** selling price is increasing

**30** A company provided the following information about its current ratio.

|        |         |
|--------|---------|
| year 1 | 2.3 : 1 |
| year 2 | 2.4 : 1 |
| year 3 | 2.5 : 1 |

What would explain the changes in the ratio?

- A** Inventory is decreasing.
- B** Other payables are increasing.
- C** Other receivables are increasing.
- D** Trade receivables are decreasing.

**31** A trader wants to improve his gross margin.

How can this be done?

- A** Reduce administrative expenses.
- B** Reduce depreciation of equipment.
- C** Reduce rate of cash discount allowed.
- D** Reduce rate of trade discount allowed.

- 32** Zak has depreciated his machinery at the rate of 20% per annum using the straight-line method.

At 31 December 2018 the statement of financial position included:

|                      | \$            |
|----------------------|---------------|
| machinery at cost    | 30 000        |
| depreciation to date | <u>12 000</u> |
|                      | 18 000        |

On 31 December 2019 Zak was considering calculating the annual depreciation at 20% per annum on the net book value of the machinery.

Which statement is correct?

- A** depreciation would be \$3600 applying the consistency principle
  - B** depreciation would be \$3600 applying the prudence principle
  - C** depreciation would be \$6000 applying the consistency principle
  - D** depreciation would be \$6000 applying the prudence principle
- 33** The financial statements of a business are prepared on the basis that it will continue to operate for many years into the future.

Which accounting principle is being applied?

- A** business entity
  - B** going concern
  - C** money measurement
  - D** realisation
- 34** When Marina opened a business she purchased a stapler for the office.

She recorded this as office expenses rather than as office equipment.

Which accounting principle did Marina apply?

- A** consistency
- B** historic cost
- C** materiality
- D** prudence

**14**

**35** What is **not** an aim of international accounting standards?

- A** to ensure accounting standards in different countries agree
- B** to establish an organisation to set standards in every country
- C** to make it easier to compare companies' financial statements
- D** to reduce the variety of accounting practices worldwide
