Pearson Edexcel International GCSE (9–1)

Thursday 6 November 2025

Morning (Time: 1 hour 30 minutes)	Paper reference	4IT1/01
-----------------------------------	-----------------	---------

Information and Communication Technology (ICT)

PAPER 1: Written Paper

<p style="font-weight: bold; font-size: 1.1em;">You do not need any other materials.</p>	<p>Total Marks</p>
--	--------------------

Instructions

- Use **black** ink or ball-point pen.
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- Answer **all** questions.
- Answer the questions in the spaces provided
– *there may be more space than you need.*

Information

- The total mark for this paper is 100.
- The marks for **each** question are shown in brackets
– *use this as a guide as to how much time to spend on each question.*

Advice

- Read each question carefully before you start to answer it.
- Try to answer every question.
- Check your answers if you have time at the end.

Turn over ►

1 Ed buys a tablet computer.

(a) Which **one** of these is a type of wireless connectivity?

(1)

- A Bluetooth
- B Firewire
- C USB
- D WPA

(b) Give **two** benefits of using **wired** connectivity with a tablet computer.

(2)

1

.....

2

.....

(c) Give **two** benefits of using **wireless** connectivity with a tablet computer.

(2)

1

.....

2

.....

(d) Give **two** sensors used in a tablet computer.

(2)

(e) Ed does not have a connection to the Internet.

Billie can share an Internet connection with Ed.

(i) Draw a diagram to show how Billie's smartphone can be used to provide Ed's tablet computer with an internet connection.

Label your diagram to show each component and the connectivity it would use.

(3)

Sharing an internet connection can affect connectivity.

Billie's smartphone is sharing the connection with Ed's tablet computer.

(ii) Explain **one** negative effect on the smartphone's connectivity.

(2)

.....

.....

.....

.....

(iii) Give the name of the permanent unique address given to the tablet computer by the manufacturer.

(1)

Ed's tablet has a clock speed of 2.4GHz.

(f) Describe what is meant by a clock speed of 2.4GHz.

(2)

(g) The tablet computer uses utility software.

(i) Give the purpose of utility software.

(1)

(ii) Which **one** of these describes software that prevents access to the source code?

(1)

- A Converged
- B Encrypted
- C Multifunctional
- D Proprietary

(h) Explain why magnetic storage is **not** used in tablet computers.

(2)

(Total for Question 1 = 19 marks)

2 Ed uses different types of computer.

(a) Which **one** of these is the best choice for carrying out complex tasks?

(1)

- A Client
- B Desktop
- C Mainframe
- D Microprocessor

(b) Give **two** examples of an embedded system.

(2)

1

.....

2

.....

(c) Explain why some computers do not need application software.

(2)

.....

.....

.....

.....

(d) Which **one** of these is **not** a type of personal computer?

(1)

- A Laptop
- B Media player
- C Smartphone
- D Tablet

Ed studies architecture.

(e) Give **two** benefits to Ed of using a plotter as an output device.

(2)

1

2

(f) Explain why a router contains a table of IP addresses.

(2)

.....

.....

.....

A hard disk drive has 256 GiB of storage.

(g) Construct an expression to show how many bits are in 256 GiB.

(3)

Use this space for your working.

Expression:

.....

(h) Give **two** types of software **application**.

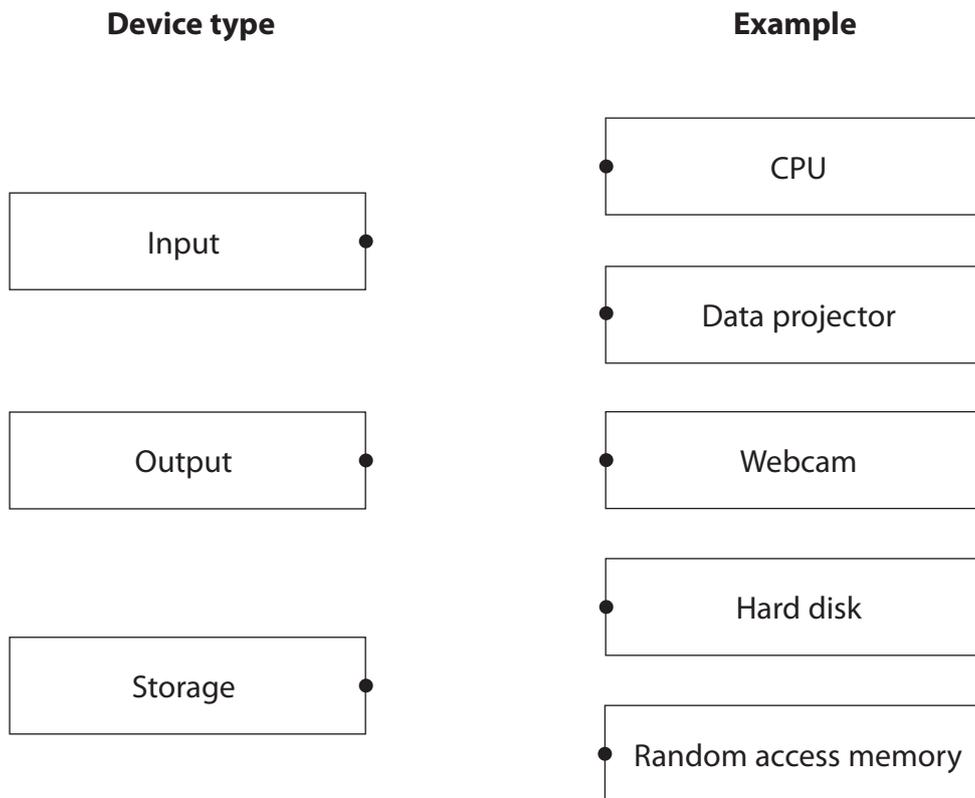

(2)

1

2

(i) Draw **one** straight line from **each** device type to the correct example.

(3)

A tablet is an example of a converged device.

(j) Define the term 'convergence'.

(2)

3 Ed uses the Internet to access shopping and entertainment services.

Malware is a risk to data.

(a) Give **two other** risks to data.

(2)

1

.....

2

.....

(b) Explain how **one** method of user authentication protects data.

(2)

.....

.....

.....

(c) Transactional data can help organisations.

(i) Give the name used for files that store data about user's browsing habits.

(1)

.....

(ii) Describe **one benefit to individuals** of the use of transactional data.

(2)

.....

.....

.....

4 Ed works as a taxi driver.

Cars use an anti-lock braking system (ABS) to make braking more stable.

(a) Describe how the use of **one other** sensor can improve vehicle safety. (2)

.....
.....
.....
.....

The location of Ed’s taxi is monitored by his employer.

(b) Give the type of wireless communication used to monitor the taxi’s movements. (1)

.....

(c) Describe **two** impacts the use of the Internet has on the way the taxi company runs its business. (4)

5 Ed uses online communities.

(a) Give **two** features of video sharing sites.

(2)

1

2

(b) Give **two** risks of belonging to an online community.

(2)

1

2

(c) Explain **one** way an acceptable use policy keeps online communities safe.

(2)

.....

.....

.....

Ed reads an inappropriate post on an online community.

(d) Explain **one** action Ed should take after reading the post.

(2)

.....

.....

.....

Ed makes sure his own posts are fit for purpose. One way he does this is by checking his sources for accuracy.

(e) Describe **one other** way he can evaluate the fitness for purpose of his posts.
